

CEDARBROOK

# The Riptide *Limited Edition* Collection *Summer 2023*

Inspired by the rolling waves and gentle sea breeze, Riptide's serene hues and subtle wave patterns create a captivating atmosphere, effortlessly complementing any patio furniture and blending harmoniously with various styles and colours.

This premium UV stabilized fabric is treated with Fluorocarbon, ensuring that it withstands the elements as well as the spills of outdoor living, while still bringing a soft, plush feel and durable beauty to the outdoor space.

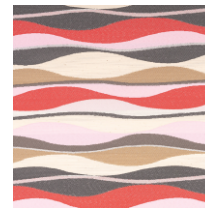

The Riptide range is a great choice for deck chairs as well as other outdoor furniture and cushions.

## LIMITED EDITION BY CEDARBROOK

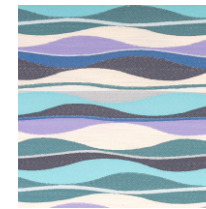

Offering constant diversity and fresh new textile designs, Limited Edition by Cedarbrook is our category for seasonal patterns and textures, available for six to eight months only. As one range is discontinued, a new seasonal Limited Edition range will be launched. This brings a cycle of creativity to complement our other ranges. It's an excellent reason to get orders in early and get ahead of the wave of demand, starting off with Riptide for Summer 2023.
